

Transcript of a video filmed by a person describing their experience inside a reported punishment room, inside a police training academy, next to Amgydaleza PRDC.

*“At Amygdaleza, you see they keep people like animals. They keep people like animals. There are no people, there are animals living here. You see this is on the wall, like this, you have to sleep. This is like for animals. Not even an animal wants to live like this.”*
